

## Dark Necessities (DS Lasser series Book 12)

Two families at war one terrible mistake. When Chaz Finch drops the chunk of stone from the motorway bridge he sets off a chain of events that will decimate his family and leave him running from the white haired man with the bright crazed smile. Lasser knows only too well that Plymouth is on the warpath and those responsible will suffer at his hands. Though Lasser has problems of his own, Paul Conroy is an abuser an animal with no moral compass and Lasser knows he is already looking for his next victim and they have to catch him before he goes to ground. As the stakes grow ever higher Lasser finds himself trapped in a maelstrom of murder and violence as the clock ticks away the seconds towards the ultimate confrontation.
