

Jolie (Beautiful Jolie Book 1)

...But me, I have changed a lot since I knew Jolie. Who wouldn't? She was the second miracle that happened in my life, she and my son. In fact they resemble each other a lot. So you see, I have lived two miracles in this life, not everyone has this chance. I was lucky, you would say, though there is no such thing as luck; we just call luck the good things which happen to us due to our karma. But let me tell you how everything began, an amazing story, so fascinating that you will never forget it, even if you want to. And this is because everything was true; I didn't imagine or invent anything.
