

## Lessons in Becoming Myself

By the time Ellen Burstyn arrived in New York to study acting, she had already worked as a Texas fashion model, a Montreal chorus girl, suffered numerous toxic relationships, and just as many name changes and spiritual paths. Theater legend Moss Hart called her a natural but Ellen Burstyn was still trying to discover who she was. This is the graceful story of a personal and professional quest, a life-long journey-by turns triumphant and terrifying, tragic and funny, thoughtful and illuminating.
