

Skinhead Gangster

Vlad is a mixed-race, multi-cultural, Anti-racist Skinhead Gangster from Ft. Lauderdale. Faced with a world that he has come to view as hostile and combative toward him and his, he has embraced his status as both a Skinhead and Gang Member. Life as a Skinhead Gangster is no parkway cake-walk. Join us, as we follow young Vlad in his twisted pursuit of the American Dream. Enemies are on all sides; rival Gangs; Nazis; Klansmen; and perhaps the most dangerous of all, the gangsterfied South Florida POLICE!

Anyone who dons the Boots, Braces, and Flight Jacket of the Skinhead cult, and shaves his head, knows that this may indeed be a path that leads to the worst that this Life has to offer. But when life is already hell, what difference does it really make?

Skinhead Gangster is a view into the Anti-racist Skinhead world, or at least one of its uglier sides. Don't expect any re-telling of the Traditional Skinhead history. Don't expect to read the same two basic versions of the Skinhead experience that you typically encounter when reading about the cult. Skinhead is something that can not be understood simply through reading or intellectualism. This book will provide readers with a rare vantage point from which to view contemporary American Street and Outlaw Culture.

Skinhead Gangster is a must-have for fans of the Skinhead series by Richard Allen, A Clockwork Orange, The Football Factory, American Skin, The Spirit of 69: A Skinhead Bible, Skinhead Street Gangs, and the Hooligan classic, Bill Bufords Among the Thugs. Derek Diablo Mandaco is a South Florida Street-Culture personage who has been an Anti-racist Skinhead for the past 28 years. He currently resides in the Pacific Northwestern United States.
