

Spring Broken

When Jason Wakefield and his fraternity brothers leave for spring break, they have no idea what lies ahead. Although the ride down is long and wrought with sibling rivalry, the twelve companions make it to their beachfront hotel safe, albeit inebriated. Spring Broken follows this dirty dozen as they experience a traditional American spring break at the beach: wild antics, insane substance abuse, and inappropriate levels of sexual activity. Eventually, this carefree attitude catches up with Mr. Wakefield whose beachside love affair builds into something serious - dead serious. In the end, Jason and his lover, Eva, learn a valuable lesson during their time together: We all pay for the love that we steal.?
